

Commercial cleaning power with ease

Not just a machine. A complete solution for any size and style of floor.

The X-Scrub Pro micro floor scrubber handles almost any space a traditional mop can. It just does it better. Why settle for more work with the same old results when you can

clean better?

#240103

Li-ion Battery

DESIGNED TO REPLACE THE DAILY USE OF A MOP

▶ **LEAVES THE FLOOR DRY AFTER USE**

There's no more need for old, dirty, smelly mops

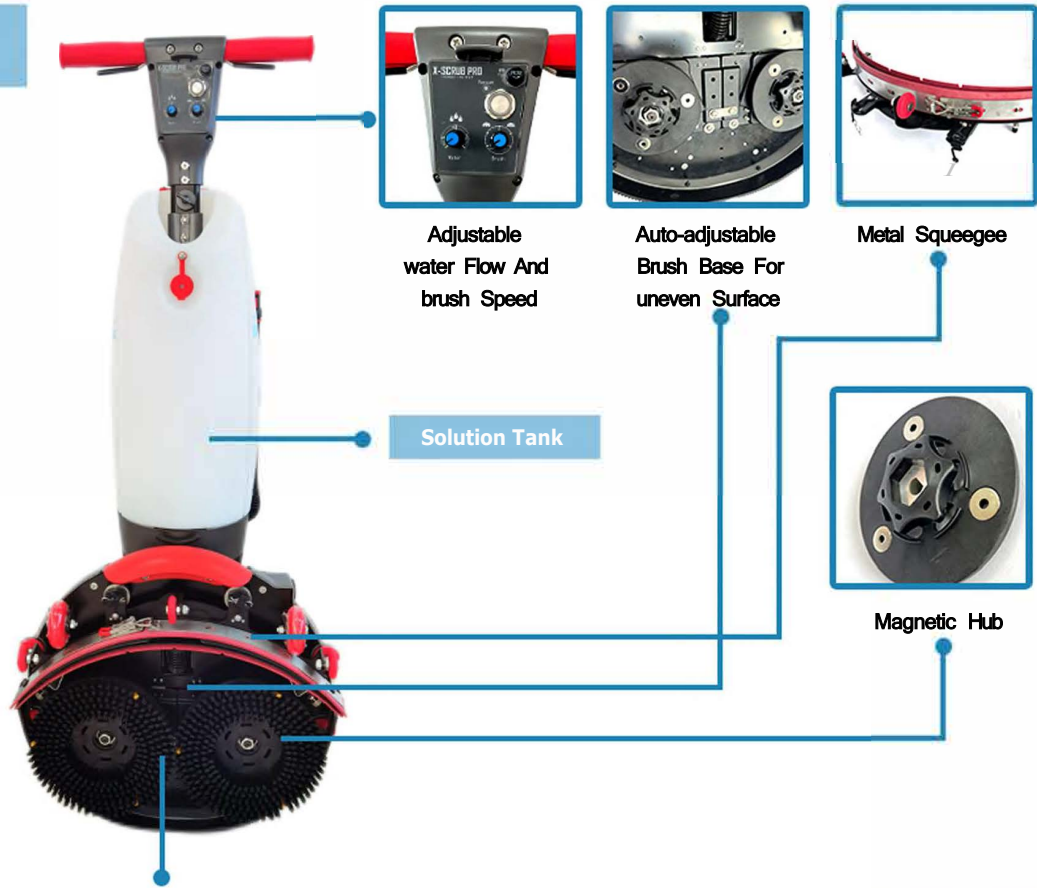

Mops just spread dirt, leaving a build up that never actually cleans the floor

The X-Scrub removes the dirt and leaves the floor clean and dry
