

Hull of a Boat Cleaner

Boat, Surface & Specialty Cleaner

#149510-14

Boats remaining in the water develop stains and scum lines that can be extremely difficult to remove. **Pioneer Brite's: Hull of a Boat Cleaner** is designed to reduce the time and labor to remove these stubborn stains. It is formulated with our safer-to-use chemical technology that is not flammable or poisonous and does not contain harsh acids.

Hull of a Boat Cleaner is safe for use on most surfaces including fiberglass, plastic, glass, and painted surfaces. It is safe for most metals but can stain aluminum surfaces.

Nobody Solves Tough Cleaning Challenges Better.

Hull of a Boat Cleaner

FEATURES

- Removes hard water stains & water line stains
- Removes rust stains, marine and ruse residues
- Removes barnacle
- Removes calcium buildup

BENEFITS

- Safe on many surfaces
- Not flammable or poisonous
- Comes ready-to-use

Directions For Use

- Use of chemical resistant gloves and safety glasses is always recommended with any chemical use.
- Simply apply to surface with a spray bottle or low-pressure garden type sprayer.
- Let the solution dwell on the surface for 1-3 minutes. Do not let the solution dry on the surface!
- Rinse with fresh water from a garden hose or pressure washer
- If necessary, use a soft bristled brush or sponge for extremely soiled areas
- **Note: Can stain aluminum surfaces**

Dilution & Mixing Ratios:

Hull of a Boat Cleaner is a ready-to-use product but can be diluted with up to 50% water for normal maintenance.
