

PioneerBrite's Wall Mounted Foaming Soap Dispensing System Accommodates Both Foam And Liquid Soaps.

NEW SLIMMER DESIGN!

More dispenser color choices in a sleeker design. This design fits both 1000 mL *and* 1250 mL refills for more options and better value!

Our convenient hand washing system saves time and money with 13 foam and liquid soap formulas to serve any need.

Nobody does it like PioneerBrite. Now you have the choice of using 10 thick, rich foam formulas or 3 premium liquid soaps with one dispenser that eliminates costly changeovers. Total flexibility and cost efficiency.

Our foam formulas provide double the amount of hand washings over competitors 1000mL liquid soap bags.

PioneerBrite's unique formulation dispenses .75mL of rich, cleaning foam per push vs. 1.5 mL per push for most bag-in-box liquid systems. And users enjoy the soft feel and great fragrances. Our Moisture Wash formulas contain the greatest amount of skin moisturizing conditioners.

Traditional premium liquid soaps for any need.

Our liquid formulations are ideal for applications where liquid soaps are preferred with a variety of formulas available for hand and body cleansing. As always, PioneerBrite has everything you need.

PioneerBrite is the leader in hand hygiene.

Top dispensing system

- prevents leaking at the valve
- creates less waste due to fewer pushes

Our dispensers offer industry leading features like:

- Leakproof guarantee
- Large view window
- ADA compliant
- Secured keyed locking option

Counter Stand

Our No Touch has same great features as our slimmer Manual dispenser plus these important extras:

- Powerful motor dispenses quickly
- Motion sensor prevents random dispensing
- Sleep mode after 30 minutes of non-use extends battery life
- Include 4 C-size batteries, no tools necessary
- Water-drop indicator lights up green when activated, red when batteries are low
