

SPORTS FLOOR SYSTEMS

**The Sport One System
for Sports Floors**

The right solution for your Sports floor care needs.

Water-Based Wood Care

Featuring the Sport One Wood Care System

The Sport One Wood Care System is a full-cycle system designed specifically for use with Sport One to minimize labor, expense and downtime while delivering long-lasting beauty and protection to all wood floors.

- Products engineered to prepare wood floor for maximum Sport One adhesion and durability
- Easily and safely remove rubber burns, black marks, mop treatments and soil
- Removes dirt and soil to promote maximum bonding for Sport One finish
- All products improve safety and slip resistance
- Maintains the new-coat gloss year-round

Solvent-Based Wood Care

For traditional solvent-based wood care, use our Sport OMU 40% Gym Finish. This product incorporates an oil-modified urethane seal and finish that offer excellent durability, gloss, scratch and slip resistance.

- Perfect for gym floors, racquetball courts, dance floors and other wood surfaces
- High gloss formulas provide a beautiful, rich appearance
- Provide durable coatings that resist scuffs, rubber marks and dirt

Synthetic Floor Care

Synthetic flooring has a variety of special maintenance requirements and Sport One Flex provides the durable coating necessary to protect your floor.

- Tough, flexible, long-lasting film protects all synthetic sport floors from premature wear
- Uniquely restorable with burnisher
- Urethane-fortified for maximum durability and beauty
- Use on all rubberized urethane, vinyl and epoxy-based sports floors
- Combination seal and finish
- Meets ASTM D2047 Method for slip-resistance

SPORT ONE

Water-Based Urethane Wood Finish

Sport One is a unique self cross-linking, water-based, urethane wood finish which delivers all the performance of a traditional OMU with lower cost in a fraction of the time.

No sanding or screening

Single-component – pour and apply

No pot life

Adheres to any sound gym floor coating

Fast-drying – 60 minutes under normal conditions

24 hours prep-to-play

Easily restored to like-new gloss

Self cross-linking eliminates need for catalysts, gluing or heavy metals

MFMA-approved and UL-classified

VOC-compliant in all 50 states

Finish lasts for 1 year

10,000 Square Foot Gymnasium Comparison	Sport One	Waterborne OMU	OMU Finish	2 Part Catalyzed	Typical Water-Based Finish
Total amount of finish (2 coats-gals)	25	40	45	30	25
Apply without screening/sanding?	Yes	No	No	No	No
